

Promotional: A Comprehensive View of Alzheimer's Disease

You **MUST print this for Continuing Education purposes and keep with your certificate of completion.

Requirements:

For successful completion of this educational activity and receipt of 1.0 contact hour(s), the learner must:

1. Participate in 60 minutes of continuous learning.
2. Complete a quiz with a minimum score of 85%.
3. Complete an evaluation form.

Educational activity description:

It is important that caregivers, and individuals interested in learning about Alzheimer's disease with the knowledge and skills necessary to effectively support and care for those affected by this condition. This educational activity will provide a deep understanding of the causes, symptoms, diagnosis, treatment, and management of Alzheimer's disease.

Target audience:

The target audience for this learning activity is all clinical staff in a healthcare setting and other interested staff. This is an intermediate level educational activity. Information is geared to practitioners with a general working knowledge of current practice trends and literature related to the subject matter. The focus is on increasing understanding and competent application of the subject matter.

Readability/Reading Level:

The readability/reading level of this course is 11th-12th grade.

Learning outcome:

At the completion of this educational activity, the learner will be able to demonstrate knowledge about caring for the resident with Alzheimer's disease by passing a quiz with 85% or greater accuracy.

Learning objectives:

At the completion of this educational activity, the learner will be able to:

1. Select two (2) changes that occur in the brain of a person with Alzheimer's disease (AD).
2. Identify three (3) stages of AD.
3. Apply four (4) interventions to help manage behaviors associated with AD.

Author:

Lois Platt, MSN, RN

Ms. Platt is retired from a Staff Development Coordinator position in a Long-Term Care facility in Arizona. She worked as a Term Assistant Professor of Nursing for the University of Alaska Anchorage AAS Nursing Program for many years as well as coordinating and teaching the Certified Nursing Assistant Program in Valdez, Alaska. Prior to entering nursing education, Ms. Platt worked in both staff nurse and Clinical Resource Manager positions in a small Critical Access Hospital in rural Alaska. She has also worked in both staff and charge nurse positions in an Intensive Care Unit in Connecticut. Ms. Platt obtained a Diploma in nursing from Joseph Lawrence School of Nursing in New London, Connecticut; a Bachelor of Science in Nursing from St. Joseph College in West Hartford, Connecticut; and a Master of Science in Nursing Education from the University of Alaska, Anchorage, Alaska.

Reviewer:

Asa Morin, MSW, LICSW, LNHA, CARES Dementia Specialist

Complaint policy for ASHA participants

Healthcare Academy believes that our customers are vital to the success of the organization. Therefore, Healthcare Academy ensures that concerns that individuals may have with HCA are dealt with in a fair and timely manner. Complaints can be initiated via email, telephone, or in writing when an individual has a concern with the service provided by Healthcare Academy.

When customer concerns cannot be addressed by our customer support staff, the complaint is reviewed by our continuing education committee. The continuing education committee reviews the complaint and provides a response back to the customer within 30 days of the initial contact.

Information for ASHA participants with disabilities

Healthcare Academy (HCA) will engage in a conversation with individuals seeking accommodations and jointly determine a reasonable solution so that they can fully participate in eLearning opportunities. Reasonable accommodations are our standard practice and we engage in a process to work with each individual to determine what accommodations are appropriate for that individual.
